Clarify Priorities. Strengthen Self-Leadership.

Leadership Coaching creates space for leaders to clarify what matters, recognize what is possible, and move forward with purpose. The process is collaborative, reflective, and action-oriented.

Who it is for

Executives, managers, pastors, founders, and professionals leading teams, projects, transitions, or growing responsibilities.

Clarity

Clarify priorities, challenges, and the next steps that matter most.

Self-Awareness

Increase insight into values, strengths, growth areas, and leadership patterns.

Action

Translate reflection into intentional decisions, disciplined habits, and practical movement.

Purpose

Lead with clearer responsibility to calling, values, service, and sustainable impact.

*Coaching for leaders who want
to grow with clarity and purpose.*

LEADING WITH CLARITY

What the Program Includes

Coaching Focus

Reflection, self-awareness, values alignment, decision-making, and intentional action.

Coach Profile

Led by Dr. Simon Kagwe, Executive and Team Coach, Certified and Accredited.

Tools Used

A.B.C. Coaching Model, GROW, OSCAR, scaling techniques, strengths-based approaches, and mind mapping.

Possible Outcomes

Leaders may gain clearer priorities, stronger confidence, improved self-leadership, and more intentional action.

Grounded in the ACH approach

ACH coaching is collaborative, reflective, and action-oriented, creating a confidential space for purposeful leadership growth.

A leadership space for your next season
